

About the call/text on Dec 13th and 14th 2019. It refers to the first accusation to Yolanda.

In all the documentations that Stephanie handed to Yolanda, we found a fake copy of a text response to Yolanda which was fabricated by little Yoly – Most likely as instructed by her mom- on her own cell phone.

The fake page (included in this PDF) shows a response of **“Estamos trabajando no se puede”**

Notice how, none of the text boxes have dates or time stamps, or profile pictures.

At the top of the page are the Profile initial YP, for Yolanda Perez and below, the name “YOLY” which is the way little Yoly spells her name.

It also shows a date stamp of vie, dic, 13, at 8:27pm. **However, on Yolanda’s phone at 8:28pm there is no response as shown in the fake, fabricated copy.** She is sending a text to Lazaro which says **“Primo puede pasar mañana o no, contestame”**

Since she had gotten no response, she wanted to know if we could pass by and visit little Yoly.

Still no response.

On the next day, she texted his wife Dianelys, who in turn told her that little Yoly wanted nothing to do with us..... (see the text screenshot).

The text from Yolanda says:

“No he podido confirmar para mañana con Lázaro quería confirmar para las 12 un ratico en la piscina”

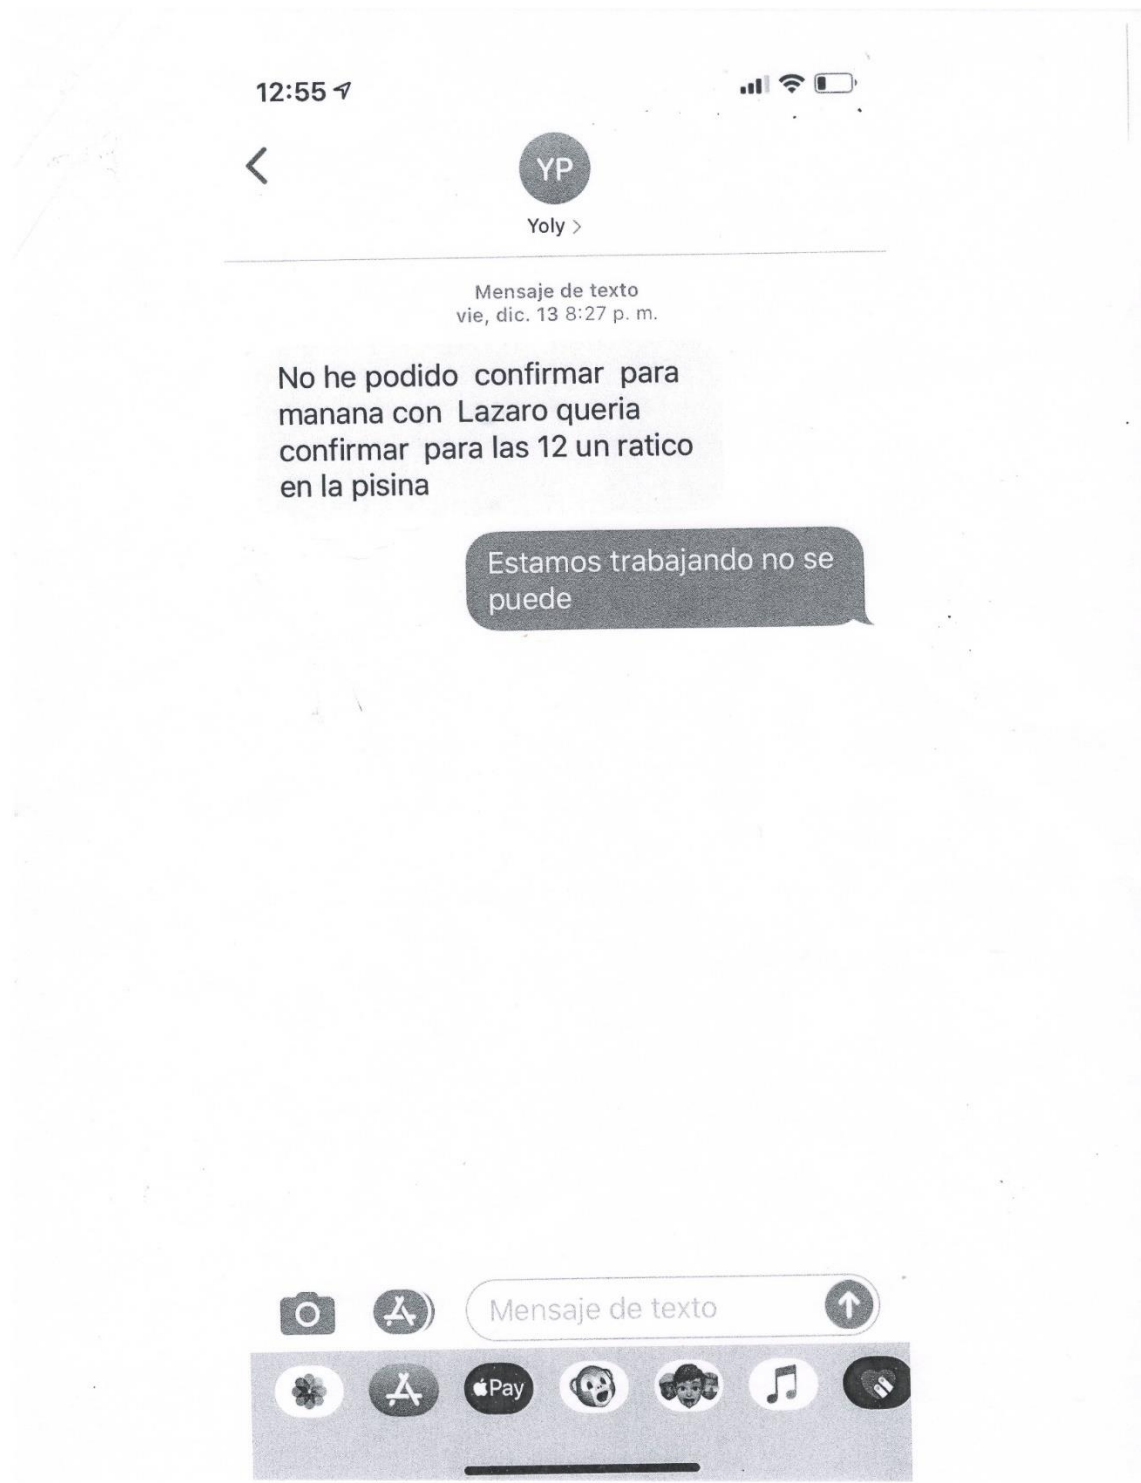

The fake text in this screenshot looks like it was fabricated on little Yoly’s phone. Yolanda NEVER sent little Yoly any text within that time frame.

HOW RELEVANT IS THIS?

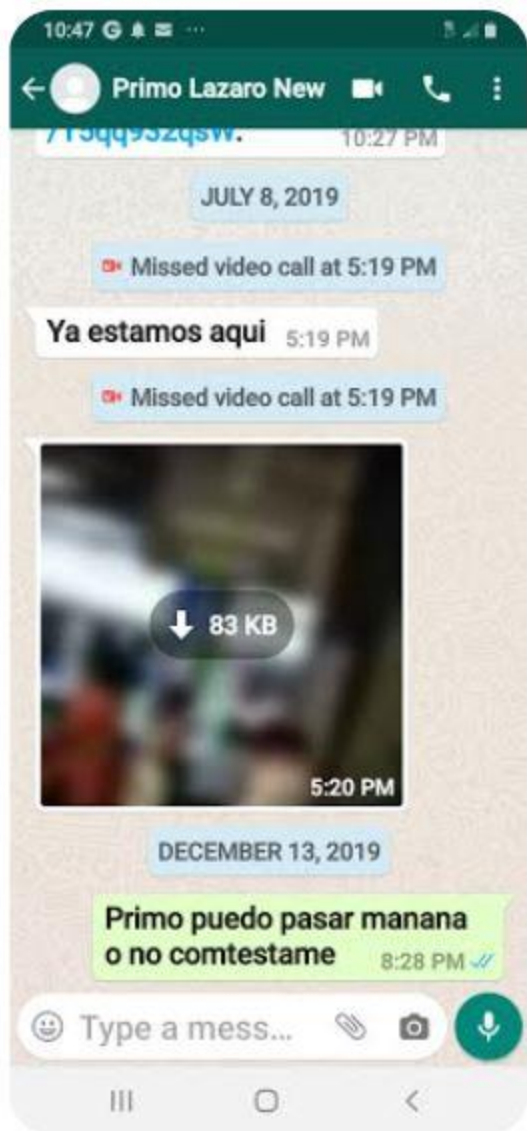

It is extremely relevant, in showing the extent that they go to, in order to fabricate lies and make us look like we are harassing them.

Here, Lazaro NEVER said in words or in text that: “We are working, you cannot ... see little Yoly” BUT... they fabricated this fake document -to make us look like liars- which they inadvertently left with our attorney.

It just shows that they are chronic liars and will go to any extent to substantiate their false accusations.

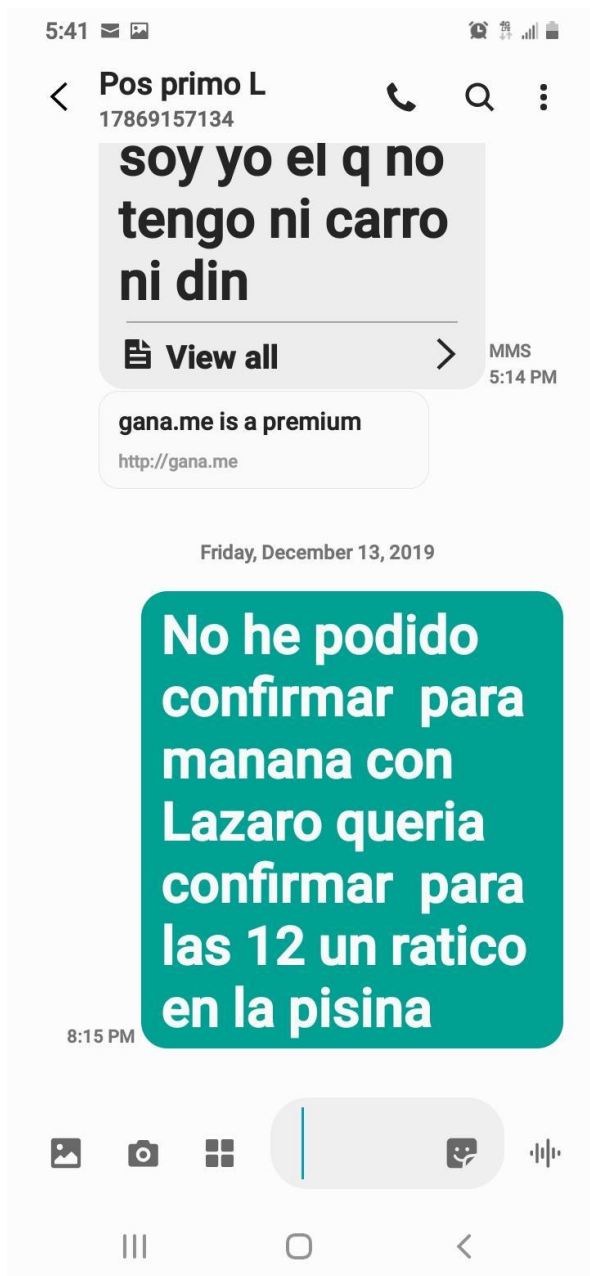

This is a fake, fabricated text on Yoly's phone. It was a copy of a screenshot that they had left with our lawyer. On the top it shows that it was sent at 8:27pm. Yet on Yolanda's phone on the following page, it shows that he read her text at 8:28pm. That would mean he sent her a response to a text he had not read yet.

This is Yolanda's phone. It shows that her text to Lazaro "Cousin, can we pass by tomorrow or not, respond" was read at 8:28pm.

This is the text she sent to his wife, since he would not respond.

It says that she could not confirm with Lazaro about coming by tomorrow to talk by the pool

The wife did not respond as well.

This last text -the green one- was sent to the wife.

It says in part “Thanks for leaving me hanging today”

Her response was below.
